

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms JEAI 41008
Title of the Manuscript:	Impact of pesticides application on epiphytic invertebrate community in tomato cultivation
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
- The correction are carried out and comments are justified "Among Coleopteran group sort out the predatory insect families and discuss about its abundance in each situation" It refers – In Coleopteran order you have recorded different families and abundance has been worked out. One more additional point may be included to strengthen the manuscript based on author's interest. Among this, sort out the natural enemy families and pest families. Then discuss about the abundance of these two groups in each treatment. It will provide solid points for discussion in different treatments
