General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	You need a connoisseur in the English language to improve some expressions in this paper.	
Minor REVISION comments	- It's not worth adding (DOP) in the title, you can put it in the summary or introduction. - In line 18 replaces "e" by "and". - In the lines 36-37, you talk about "Integrated Diagnosis and Recommendation System" (IDRS) and you write "DRIS"? - In the line 125, you should explain the abbreviation GDE. - Add a star (non-normal distribution) for S in Table 2. - In the line 191 R^2 and not $R2$. - There is an error in the line 208, The order is: $B > Prod > N > \sum DOP > Mn > K > Fe = Zn = Ca = Mg = S = Cu = P$. (table 4) - Also, in the line 209, add Fe with the other nutrients that have the same range (table 4). - In the line 242, what's PDO? - Please the references correctly.	
Optional/General comments
