

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_42187
Title of the Manuscript:	Elaboration of an open source prototyping platform for salubrity monitoring in agricultural machinery
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The authors have made satisfactory amendments to the manuscript in response to previous comments. It is also noted that considerable effort has been made to enrich the content of this manuscript. In the revised manuscript, the authors carefully addressed the raised questions and concerns. After authors' revision, the manuscript is clearly organized and the results are well presented. The results appear to be valid and the methodology is appropriate. Overall, now the manuscript is well written and the reported work is of the great interest to the readers. I would recommend this manuscript to be accepted for publication.
