

SDI Review Form 1.6

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_43687
Title of the Manuscript:	Ripening banana (Musa spp.) under different conductions
Type of the Article	Original research article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	1. The author needs to be clear in the treatments done in the methodology as in the discussion there is a mix up in the treatment discussed. 2. Explain the treatment for the control, which one is T1 Witness? 3. The conditions for the control should be specified clearly. 4. State clearly treatment for T2: Calcium Carbide 5. T3: Smothering or Choking or Suffocation or Drowning. It is better to stick to only one as the variation would lead to confusion. 6. The abstract needs to have some of the results included where suggested 7. The last statement in the abstract is not clear. 8. The time frame for maturation should be included.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
