Compulsory REVISION comments	1. Author stated many keywords as a sub chapter/title in 1.2 Theoretical Review such as Sustainable tourism, DMO, Community Based Tourism etc. However, an author didn't show the relationship this keywords with this study. Suggestion-in sub chapter 1.2, an author need to explain and show the relationship this each keyword in this study. 2. Author didn't explain the number of respondents that have been selected in this study. Suggestion-Author need to state the numbers of respondents. 3. Author stated this study using purposive snowball sampling. Suggestion-Please refer any Research Methodology books that have stated purposive snowball sampling as a sampling technique.	1. The Author already changed the keyword: sustainable tourism, DMO, community based tourism (26). 2. Selected social situation or the participants are aware group travel, the people who engage in activities such as the owner of the home stay tourism, transport manager, the manager of the diner, the tour guide, and the Local Government of Thousand Islands. Number of participants are consist of elements of government (3) elements of community leaders (1), elements of tourist guide community (4) elements of ship management (1), elements of homestay management (2), elements of restaurant management (1), tourism group awareness community (3) and elements of society (6). Primary data collection techniques in this study using interviewing techniques where the authors want to get things more deeply from the participants so that the number of participants tend to be small (298). 3. The techniques of taking the number of participants or sources used are snowball sampling, that is an effective way to build a deep sampling frame, in relatively small populations, each of which tends to relate to one another. In taking this sample, the researcher determines one or more individuals or key figures and asks him or them to call others who in turn can be found (294).
Minor REVISION comments		
Optional/General comments	1. To details out the Sustainable Development Strategy-Strategy 1 to Strategy 4. It is because the strategies only cover the surface and not in depth.	-
