PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	27.28 and 29 needs citation 75-76: A detailed but precise information is needed on the source of data, what year are you referring to? Did you use all the 14512, or is this a subset of the original number of households in the RIGA database. Please state. If possible describe indicators/variables used in this research. 79-115: Any reference to where you got the equation from? Line 146: please explain the result in Table 2. It simply shows variables that predict the likelihood of participation of household in off-farm activities, Plus it should form a part of your policy recommendation. This is also important for further/future research.	
<u>Minor</u> REVISION comments	Restructure the sentence in line 60 Line 59 and 60. Any references in Nigeria referring to the impact of off farm income in reducing or increasing income inequality/rural welfare please include.	
<u>Optional/General</u> comments
