PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	-Highlights were made in attached pdf copy. -Manuscript is of great significance with respect to the region of study conducted. - Authors are advised to use standard units. - Methodology is too short and confusing. Describe detailed methods, how you made selection of farmers and how the data was acquired. -Abbreviate first the acronyms used, such as CACP... - Discussion section is too weak. Not a single reference was used to support your findings. Also provide references at proper positions in introduction section	
Minor REVISION comments	Observe carefully the typographical errors.	
Optional/General comments
