PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	No	
<u>Minor</u> REVISION comments	Unfortunately, the author does not consider the features of the stock markets of the analyzed African countries and their institutional differences from the countries of other regions. Features of the organization and functioning of the Institute of the stock market determine its portfolio investment in the national economy.	This comment is outside the author's scope of study. Thank you
<u>Optional/General</u> comments	The author cited portfolio inflows in selected West African Countries and the results of calculations. At the same time, the article does not contain an illustration of changes of some analyzed macroeconomic indicators for African countries in dynamics.	The snapshot of changes of some analyzed macroeconomic indicators for African countries in dynamics was presented in section " stylized facts on FPI and Macroeconomic variables . thanks
