SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Line 11 if the study is only on central Nigeria then revisit the topic Line 13 too broad try to be more focus Line 23 to 85 you can sum or even omit this part Line 86 this should form part of the introduction, try to link entrepreneurship with the technological innovation with empirical evidence from developed and zoom to Nigeria Line 112-113 are you sure there is no technological innovation at all in the study area..? inadequate will be appropriate to replace lack,,, Line 123-124 justify the objectives since there may be other factors limiting the performance of entrepreneurship in Nigeria Line 128-129 check and change the heading Line 163 citations are very old, you can support or counter with current literatures Line 180 please why this table,,,? Line 213 please provide source of this table Line 380 too general Please see the attached file	
Minor REVISION comments		
Optional/General comments	The idea is good but not clear, too general and lack proper direction. Too much history and not focus, The ideas are ok but need to be sharp. The gap to fill is not clear.
