PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This article is good, explore role of government to achieve high productivity. In the theoretical review, you must describe theory of government spending, theory of economic growth. In the methodology you must select the type of data analysis. You employed VAR or ECM. In the discussion session you must explore the role of government to the development process and what its relevance to the regional economy. You can elaborate the theory and facts to answer the problem. In the reference you can check author name in article. I found name in the body text, was not available in the references. For example,,,Brooks, 2002;mukhtar et al, 2007;Wooldridge, 2010;Gregory & Hansen, 1996.....etc	
Minor REVISION comments		
Optional/General comments
