PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1.How can the layout of the text be so messy? You need to re-type the full text. 2.It is suggested to use the Origin instead of the excel format to draw the figure in the text. Only the figure drawn by using Origin can be in line with the format requirements for academic papers. 3.There are be 4 keywords instead of the current three. 4. It seems that online pages are used as the references currently. It is better use journal papers as the reference of academic papers and for some individual academic papers, the web can be used as reference. 5. The connotation of E_{rel} in formula 1 should be described.	
Minor REVISION comments		
Optional/General comments		

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
