SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The author need to present the 5 variables of the study (that are used in Figure 2). The measurement, the significance and descriptive of the 5 variables. The questionnaire is also needed to be included as an appendix. Each variable should be related to a number of questions addressed in the questionnaire. These may be synthesised and presented within research methodology or at the beginning of the Results section. The Introduction section need to be reduced, by presenting the key concepts with references in the literature, the objective of the paper, the method used and possible results expected. The contribution of the paper for the literature need also be included in the Introduction. Then, the relevant research in the field need to be presented in a section related to the literature review. More relevant articles need to be analysed and referred to in this manuscript. An important part of the References need to be published in the recent period (the last 5-7 years). The results need to be discussed in relation with the results of previous research on this theme.	Revised as highlighted under Introduction and Review of Literature. Revised as highlighted under Research Methods to include the details of relevant questions for each variable. The section covers both Introduction and Review of Literature as highlighted. Revised as highlighted. The section covers both Introduction and Review of Literature as highlighted. Updated as highlighted. Updated as highlighted.
Minor REVISION comments		

SDI Review Form 1.6

<u>Optional/General</u> comments	The subject is interesting and is worth being researched. The idea of the authors is also interesting to be published. However, the revisions suggested will enhance the quality of the paper.	Noted with thanks.
