General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Though the work is good but need following revision: 1. The introduction part is too lengthy. 2. The author has written too long sentences, as well as need grammatical revisions for proper understanding of the readers.	The introduction to my understanding in paper comprise of introduction and some part of the literature that is why it is slightly elaborated. For the grammatical errors i will appeal to the management of the journal to help in proof reading of the work. Thank you
Minor REVISION comments		
Optional/General comments
