

SDI Review Form 1.6

Journal Name:	Journal of Engineering Research and Reports
Manuscript Number:	Ms_JERR_42193
Title of the Manuscript:	CONTROL TECHNIQUES AND POWER FACTOR CORRECTION METHODS: A REVIEW
Type of the Article	Basics, not anything new.

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> Some basics things are repeated again & again. Ex " Power factor (PF) is defined as the ratio of the real power (P) to apparent power (S), or cosine of the phase angle between the current and voltage waveforms" repeated in ABSTRACT & INTRO. There is no clarity in the abstract that what author wants to do. In the abstract, the last 2-3 lines preferably the topic of research. <p>Author must write what the paper represent; all these things are power factor correction basics. Author may include new PFC techniques.</p>	
Minor REVISION comments		
Optional/General comments		

Reviewer Details:

Name:	Jitendra Kumar Dash
Department, University & Country	Electrical Engineering, Indira Gandhi Institute of Technology, Sarang, India
