PART 1:

Journal Name:	Journal of Engineering Research and Reports
Manuscript Number:	Ms_JERR_43637
Title of the Manuscript:	Kinetic Study, Modelling and Optimization of Adsorption Processes for Removal of Crude Oil using Chitosan-Rice husk ash Composite from Crude Oil Contaminated Water
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Many issues raised previously were not implemented fully. References to isotherm models, pseudo first and 2nd order not corrected and are cited wrongly to secondary ref and not the original work. The ref (Zeldowitsch, 1934) cited in the text is not in the list of reference Why is heading of elovich 2.11.4 Elovich model Parameters from isotherm/kinetics models many are not superscript or subscript properly. Manuscript heading format is not following what has been prescribed by journal In-text citation and list of reference format is following what has been prescribed by journal. http://www.sciencedomain.org/journal/134/authors-instruction The quality of this manuscript is still poor. Please look back at the feedback raised previously and improved them.	The issues raised previously were now fully implemented. The references and the citations were corrected. This reference is now listed. The heading has been corrected. These have been superscripted/subscripted accordingly. The manuscript headings have been corrected based on the Journal (SDI) format. - We further improved on the implementation of the issues raised previously on the manuscript.
