

**SDI FINAL EVALUATION FORM 1.1**

**PART 1:**

|                              |                                                                                                                                                                     |
|------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Journal Name:                | <a href="#">Journal of Engineering Research and Reports</a>                                                                                                         |
| Manuscript Number:           | Ms_JERR_43637                                                                                                                                                       |
| Title of the Manuscript:     | Kinetic Study, Modelling and Optimization of Adsorption Processes for Removal of Crude Oil using Chitosan-Rice husk ash Composite from Crude Oil Contaminated Water |
| New title of the Manuscript: | Kinetic study, Modelling and Optimization of Adsorption Processes for Removal of Crude Oil using Chitosan-Rice husk ash Composite from Crude Oil Contaminated Water |
| Type of Article:             | Original Research Article                                                                                                                                           |

**PART 2:**

| FINAL EVALUATOR'S comments on revised paper (if any)                                                                                                                                                                                                                                                                                            | Authors' response to final evaluator's comments |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------|
| <p>Accept,<br/>Some improvements to the manuscript. Many feedback previously provided were ignored, which can make the quality of the manuscript much better. However this is the choice of the authors.</p> <p>Despite two time revision of asking authors to cite correctly. Authors remain ignorance and resist citing to original work.</p> |                                                 |

**Reviewer Details:**

|                                  |                                                        |
|----------------------------------|--------------------------------------------------------|
