Manuscript Number:	Ms_JESBS_39655
Title of the Manuscript:	Artificial Neural Network (Ann) Forecast of University Growth: A Focus on College of Technology Education, Kumasi, University of Education, Winneba Admissions.
Type of the Article	Original Research Article

## **General guideline for Peer Review process:**

This journal's peer review policy states that <u>NO</u> manuscript should be rejected only on the basis of '<u>lack of Novelty'</u>, provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline)

## **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article seems to be interesting because the authors attempt to study the definition of growth can mention nature that growth can be taking, which is physical and abstract. References are adequate, yet, it is recommended that the problematic of the study is well delineated in order to show what the phenomenon under study is. It is also recommended that the authors develop a stronger literature review in order to address the proposed problematic. Methodological procedures must be well described so that the readers are able to understand the conclusions reached by the authors. It is recommended also that results and its discussions are related to the theoretical and methodological foundations of this study. The conclusions section does not address the main features of the study as well it is relation to other studies in this area.	
Minor REVISION comments		
Optional/General comments		

# **Reviewer Details:**
