Compulsory REVISION comments	<ul style="list-style-type: none"> There are some similarities between the current work and the works done by two other workers (see the attached research papers) e.g. The first paragraph has been as it is without acknowledging the work of others. Review the models of ICT integration and adopt one for the present study. Neither the literature review nor the empirical studies have been found in the entire manuscript. The gap & contributions of the study have been mentioned. Link your results with the results of related past studies whether or not they are the same. 	<ul style="list-style-type: none"> Appropriate source have been cited accordingly The Five Models of ICT integration has been Reviewed and the study adopted Model Two: ICT Integration Literatures and Empirical studies on ICT integration have been reviewed Results appropriately linked with the findings of related past studies (Line 262-269)
Minor REVISION comments	<ul style="list-style-type: none"> The title is too long. Good title has less than 15 words. ICTs (Line 8) should be mentioned in full for the first time. After that you may use the abbreviated form so the reader will know what these abbreviations refer to. Write out numbers in words (Line 14) . Go through your work again and double check your citations, spacing, formatting, punctuation & capitalization as many issues have been obviously appeared in the whole work. . 	<ul style="list-style-type: none"> Title has been modified Line 8: information and communication technologies (ICTs) Line 14: Research question one was answered using percentage, while research question two was answered using mean and standard deviation.
