

SDI Review Form 1.6

Journal Name:	Journal of Geography, Environment and Earth Science International
Manuscript Number:	Ms_JGEESI_42842
Title of the Manuscript:	Urban extension in Calabar: A remotely sensed assessment
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	Tune-up for clarity the sentences on lines 52-53, 54-56 and 132-133 (is it not colour yellow rather than brown represented built –up areas on figure 4?!	
Optional/General comments	Research methodology is well explained and useful for other cities to emulate in the need to conduct own similar studies for the understanding of trends in the changes of land uses evolving from their continuing growths, and the mitigation and/or prevention measures which could be deployed against their environmental impacts.
