

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Journal of Materials Science Research and Reviews
Manuscript Number:	Ms_JMSRR_41397
Title of the Manuscript:	EFFECT OF DIFFERENT ETCHING TIME ON BOND STRENGTH OF COMPOSITE RESIN TO DENTIN
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The conclusions of point 2 do not think that they correspond with this work. There is talk that precipitates and smear layer removal are observed and that should be analyzed with microscopy. The bibliography is very old.
