PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|--|---|
| <u>Compulsory</u> REVISION comments | 1) Why was there a gap of one week between the intake of 100mg and 300mg? The effect of aspirin is irreversible and continued until the cell death of the platelets in the vessel. | |
| <u>Minor</u> REVISION comments | 1) What is IHD or PA? 2) The 50 th line (All kava kava compounds~) is difficult to be understood for readers. | |
| <u>Optional/General</u> comments | The point of this study is interest for readers. Therefore, this study will be suitable for this journal. | |
