PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	-	
Minor REVISION comments	-	
Optional/General comments	The paper is very interesting and in my opinion should be published as it is. It is extremely important to prove beneficial properties of plants for human health. I have only one suggestion to add error bars on figures showing the precision of obtained experimental results. It is important from an analytical point of view.
