

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	British Journal of Pharmaceutical Research
Manuscript Number:	Ms_BJPR_25433
Title of the Manuscript:	Anti-hemorrhoid Evaluation of Selected Medicinal plants used in North-East Nigeria for the Treatment of Hemorrhoids (Pile)
Type of Article	Original research article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>Although the manuscript has improved after the first revision, the authors displayed a dismal commentary to the review comments raised with a sweeping "correction done". Authors should be more detailed in their review response for clarity. Below are few correction to be made (also check "2. Revised-ms_BJPR_25433_v1.pdf")</p> <p>Line 64: Grouping of Swiss albino rats This section is not necessary. Add the grouping information to the "experimental animals" section</p> <p>Line 52: Move this paragraph to become the first sentence of the last paragraph in the introduction (Line 41)</p> <p>Result and discussion. The writing should be improved.</p> <p>Line 109-121. This paragraph (and the table) should be moved to become the second paragraph of the discussion.</p> <p>Line 122: This should be the first paragraph of your discussion.</p>
