

**SDI Review Form 1.6**

Journal Name:	<a href="#">Journal of Pharmaceutical Research International</a>
Manuscript Number:	Ms_JPRI_36766
Title of the Manuscript:	Zanthoxylum species in Uganda: a novel wound healing alternative
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The article needs revision of some important parameters. Details are stated in the text.	
<b>Minor</b> REVISION comments	The article may be accepted after modification as advised in the text. Some basic mistakes of the project (as non-inclusion of actual medicine as a parameter of study) cannot be corrected now. But change of positive control etc. can be corrected. The tables, discussion and abstract portions may be organised accordingly.	
<b>Optional/General</b> comments	The author may be advised to add the data of Hydroxyprolin estimation of wound tissues for betterment of the article, if he is having. In vitro testing of test medicines and comparison with standard antibiotic by zone of inhibition study against some pathogenic bacteria may be included. Author perhaps kept such data for another article.
