

SDI Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_42430
Title of the Manuscript:	Mechanism of Anticonvulsant Effects of Ethanol Leaf Extract and Fractions of Milicia Excelsa (Moraceae) in Mice.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article provide scientific evidence for the anticonvulsant activities of ethanolic leaf extract of <i>Milicia excelsa</i>, its ethyl acetate fraction and aqueous fraction in mouse model of convulsion as well as the neural mechanism of the anticonvulsant effect in the most active fraction.	Article accepted by the reviewer as communicated to me in response to a letter written to Ms Ruma Bag in respect of this manuscript
Minor REVISION comments		
Optional/General comments
