

SDI Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_40272
Title of the Manuscript:	Attenuation of TNF-α induced liver injury by cinnamon extract in rats.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Grammar and syntax are the biggest issues with this manuscript. Thorough editing by a native English-speaking individual should suffice to bring this up to par.</p> <p>Content is excellent.</p>	
Minor REVISION comments	Separating the results and discussion into two separate sections would be better than combining.	
Optional/General comments
