

SDI Review Form 1.6

PART 1:

Journal Name:	British Journal of Pharmaceutical Research
Manuscript Number:	MS: 2013_BJPR_3609
Title of the Manuscript:	Flavonol Glycosides from the Aerial Parts of Indigofera hirsuta and Anti-inflammatory activity of n-butanol fraction

General guideline for Peer Review process is available in this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

- This form has total 9 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The crude methanol extract was partitioned but for the study the authors point their attention on n-butanol fraction from which two compounds were isolated. The experimental design must be explained adding major details to justify the use of this only fraction</p> <p>Results. Line 215. The authors reported that a preliminary phytochemical screening was carried out showing the presence of other compounds in addition to flavonoids. This is not specified in material and methods section and it may be discussed more clearly.</p>	
Minor REVISION comments	<p>Abstract Line 24 Chance with:carrageenan-induced oedema in rats experimental model</p> <p>Introduction Line 48. The name of the family Leguminosae is not actually used. Revise the nomenclature with Fabaceae including also the author's name</p> <p>Results. Line 212. Revise Tables 2 with Table 2</p>	
Optional/General comments
