

Editor's Comment:

Taking into account the evaluation process and three positive review reports and author's feedback, I recommend the manuscript 2018/JSRR/40457 entitled: "Willingness to pay for biofertilizers among grain legume farmers in northern Ghana" for publication in Journal of Scientific Research and Reports. However, before publishing the manuscript, authors should pay special attention to the correctness of symbols in the presented equations (lines 161-210).
