SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	This is a good piece of research work ; however the author is advised to : • Get the paper edited for English language; for sentence formation and grammatical expressions. • Pictures of dyed samples of silk and cotton fabrics must be included in results to know what shades are obtained; and whether they can be obtained in various bright tints or not.	• English language has been reformatted carefully. • Pictures were placed with the Fig. 1. The authors thought that the optical density (light absorbance) data will be enough for detection of color produced.
<u>Minor</u> REVISION comments	• Considering the turnitin report for checking originality the author may try to reduce similarity by 4-5% https://www.turnitin.com/t_inbox.asp?r=57.5052856184357&svr=07&lang=en_us&aid=53302510&fo=0&pg=1&ro=1	• The section that was considered high (14%) similarity as per turnitin report has been revised.
<u>Optional/General</u> comments	None
