PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	No.	
<u>Minor</u> REVISION comments	The submitted manuscript titled "Antibacterial and Phytochemical Activity of <i>Gliricidia sepium</i> Against Poultry Pathogens" is a research article that aims to examine antibacterial and phytochemical activity of extract of <i>Gliricidia sepium</i> leaf in the treatment of poultry pathogens. The findings reported and further developed in its discussion provide a certain insight into the control of the growth of poultry pathogens and are of interest for this specific research field, while also falling within the scope of the journal. This is a clear article analyzing antibacterial activities against selected poultry pathogens; phytochemical and possible sources of antioxidant were also examined. The paper is well-documented, and contains
