

SDI Review Form 1.6

Journal Name:	Microbiology Research Journal International
Manuscript Number:	Ms_MRJI_43773
Title of the Manuscript:	Improve kidney and liver function of duckling's received aflatoxin B1 by using propolis extract
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Please explore or propose what chemical components in propolis extract exert the protective effects on liver and kidney.	We are going to study this point in the future.
Minor REVISION comments	Please explore or propose the molecular mechanism(s) of the organ protective roles by propolis extract.	We are going to study this point in the future.
Optional/General comments
