

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Microbiology Research Journal International
Manuscript Number:	Ms_MRJI_43773
Title of the Manuscript:	Improve kidney and liver function of duckling's received aflatoxin B1 by using propolis extract
New title of the Manuscript:	Enhancement biochemicals levels and improve histological tissues of kidney and liver organs for duckling's received aflatoxin B1 by using propolis extract
Type of Article:	

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>The authors made corrections in text of the paper. He also needs to revise parts of the manuscript that contain text equivalent to those of other published papers. The authors' feedback: diffuse response, in fact there are excerpts from the paper by Chen et al., (2013) which characterizes plagiarism.</p>	<p>We have try to modify the manuscript as per your comment.</p>
