

**SDI Review Form 1.6**

|                          |   |
|--------------------------|---|
| Journal Name:            | <a href="#">Microbiology Research Journal International</a>                                     |
| Manuscript Number:       | Ms_MRJI_43773   |
| Title of the Manuscript: | Improve kidney and liver function of duckling's received aflatoxin B1 by using propolis extract |
| Type of the Article      |   |

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

|                                     | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| <b>Compulsory</b> REVISION comments | Please explore or propose what chemical components in propolis extract exert the protective effects on liver and kidney. |   |
| <b>Minor</b> REVISION comments      | Please explore or propose the molecular mechanism(s) of the organ protective roles by propolis extract.                  |   |
| <b>Optional/General</b> comments    |  |   |

**Reviewer Details:**
