SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	Fig.1 is great but numbers on the horizontal row below "Introduction", "Methods", "Results", and "Discussion" in Table 1. remain obscure. Also the language needs some revision.	STROBE checklist added as an Appendix to allow easy reference for Table 1. In addition to the item numbers in Table 1 the title of the item has also been added.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	The authors have done a huge work for searching material for this manuscript. The work seems to be performed carefully, and there are only a couple of minor concerns.	Many thanks for taking the time to review our paper
