SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	3. Heading should be changed to ,”dislocated lenses after trivial trauma” this is dislocation of subluxated Lens. 45. lensectomy is not correct. Lens removal or lens aspiration (child lens is soft, lensectomy is used only If it is done with vitriectomy machine. ACIOL is not the choice for 9 year old child) for both cases.	Thanks for precious guidance by the review committee. All corrections done.
<u>Minor</u> REVISION comments	36. Only pre-operative intraocular pressure mentioned. Mention the post-operative intraocular pressure also For both cases	All corrections done.
<u>Optional/General</u> comments	Good cases to report pictures are not clear	Pictures revised.
