PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I would to congratulate the authors for the number of patients included in the study. Since the manuscript will be read by people from several areas of educations, the authors should include abbreviations. For example: Retinopathy of prematurity (ROP); Aggressive posterior ROP (APROP); Respiratory distress syndrome (RDS) and so on ...; I could not find the meanings of theses two abbreviations : IUGR and LSCS	Dear sir/madam, Thank you for reviewing the article. We have revised the title of the article and corrected all the spelling and grammatical errors. We have given explanation for all abbreviations used in the article and mentioned all the key words used in this article. Some more references are added.
Minor REVISION comments		
Optional/General comments
