SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	I think this should be a case report as an experience from a retrospective practice rather than a letter	
<u>Minor</u> REVISION comments	The write up is not structured Needs headings No good explanation of various variables and observation in the table presented Almost all cases have increase IOP post op CC seems increased in the elderly >70 post op though similar observation in the 55y Others as in the letter	
<u>Optional/General</u> comments
