General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	In Table 4, I cannot understand what statistical analysis means. Authors should explain how they use statistical analysis about the data in the Results section.	
Minor REVISION comments	Authors should spell out the abbreviations at first time appeared. For example, IOP, RD, and ERM in the Abstract. There are some mistakes in the manuscript. The manuscript should be checked by proof-reading experts.	
Optional/General comments
