## **PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b><u>Compulsory</u></b> REVISION comments	<ol style="list-style-type: none"><li><b>1. Result is quiet descriptive . It should be in short.</b></li><li><b>2. No. Of References are very less</b></li><li><b>3. Vancouver's method of citation has not been followed.</b></li></ol>	<p>It has been a pleasure writing to you this feedback. All your comments have been taken into consideration as follows:</p> <p>1- The number of references in this study has been increased to 16 references including new current &amp; relevant references.</p> <p>2- Vancouver's method of citation has been used for all references.</p> <p>3- Regarding the results, actually we had more results in this study but we only had been restricted to the items included in survey questionnaire. So, please accept our apologies regarding shortening the descriptive manner of the results.</p>
<b><u>Minor</u></b> REVISION comments	There are few grammatical mistakes.	
<b><u>Optional/General</u></b> comments	NIL	

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
