PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The spelling of Farnsworth-Munsell test must be checked! I do not find any statistical analysis in the manuscript. The conclusions proposed by the authors cannot be achieved with the lack of the proper statistical analysis.	RESPECTED SIR, THANK YOU FOR EVALUATING OUR PAPER. MODIFICATIONS ARE MADE AS PER THE SUGGESTIONS.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	In order to know what the authors proposed in the manuscript title, a correlation test between ocular deviation and the results of the Farnsworth-Munsell test is advisable .
