PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compu Isory REVISION comments	The authors evaluated the effect of cataract surgery (PECCE and phacoemulsification) on intraocular pressure in eyes with and without pseudoexfoliation syndrome. I think that the results are valuable and important. I think that if you make the following corrections you will be cited for the journals and it is an article that can be published.	
Minor REVISION comments	<ol style="list-style-type: none"> 1. Table (1,2,3,4) names begin with capital letters. 2. 160th line must be changed uveuoscleral to uveoscleral. 	I agree with the valuable reviewer comments. I corrected the manuscript accordingly. The corrected parts are highlighted.
Optional/General comments
