

SDI Review Form 1.6

Journal Name:	Physical Science International Journal
Manuscript Number:	Ms_PSIJ_19833
Title of the Manuscript:	Current-Voltage Characteristic of InGaSe2
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

	<p>were not studied enough.</p> <p>It is very interesting the assessment of current-voltage characteristics curves for materials used in solar cells, but the manuscript must be rewritten, reviewing the vocabulary and meaning of the words used in technical language. The manuscript requires a deep review of English grammar to be reviewed.</p>
