PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The Introduction is short and does not critically look into the related work . The equations were not numbered correctly, from equation (5) downward. A lot of reference were not referenced at all in the text. The reference should be the last heading in the paper.	modified
<u>Minor</u> REVISION comments	The Author omitted some prepositions in the text which made some sentences difficult to understand.	modified
<u>Optional/General</u> comments	This Paper has technical merit but should be reviewed to meet the standard of Science Domain International.
