

SDI Review Form 1.6

Journal Name:	Physical Science International Journal
Manuscript Number:	Ms_PSIJ_28273
Title of the Manuscript:	DFT Calculations of Mesembryanthemum nodiflorum compounds as Corrosion Inhibitors of Aluminum
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	The study is important in corrosion studies as it predicts the efficiency of Mesembryanthemum nodiflorum compounds as corrosion inhibitors of aluminum. However, the authors failed to give a good background of the method used in the study.	All voluble remarks have been done With Thanks
<u>Minor</u> REVISION comments	The introduction section should be re-written with good background on the method used in the study. The discussion of results is contradicting, so it should be verified. Other comments are in the document.	All voluble remarks have been done With Thanks
<u>Optional/General</u> comments
