SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>In dealing commutation relations of a classical Hamiltonian such the one used here it will be nice to begin with a proper motivation of systems or equations which lead to such commutation relations. Authors should give such a motivation and explain how the theorems proved in the article can ease the treatment of such systems</p> <p>Redo the abstract stating clearly the problem ; the main result and its importance.</p> <p>Add a conclusion and perspectives</p>	
<u>Minor</u> REVISION comments	Typos on page 1	
<u>Optional/General</u> comments	Add a conclusion and perspectives
