

**SDI Review Form 1.6**

Journal Name:	<a href="#">Physical Science International Journal</a>
Manuscript Number:	Ms_PSIJ_28829
Title of the Manuscript:	Determining Global Solar Radiation Incident on Tilted Surfaces with Different Tilt Angles at the Department Of Physics Makerere University
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	Remove equations from abstract. Six months data is insufficient to predict global solar radiation. Give reference of all the equations. Reduce conclusions and delete eq from this section	
<b><u>Minor</u></b> REVISION comments		
<b><u>Optional/General</u></b> comments	I have reviewed this type of paper having different empirical models but same pattern	

**Reviewer Details:**

Name:	R K Aggarwal
Department, University & Country	Department of Environmental Science, Dr Y S Parmar University of Horticulture & Forestry, Nauni, India
