PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The authors have corrected all the main and severe suggested points. There are some minor grammatical errors, which have to be corrected. e.g. line 32: Analysis of sunspot could leads (correct to: lead) Please, use the build-in orthographic dictionary of Word (or any other English dictionary) in order to correct the few left mistakes.	Now, we are made all the correction according to your suggestions. Also we very grateful to respected editor and reviewers for their valuable correction which make the paper more impressive in terms of contains, structure and language.
