FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p><b>The paper have been revised and improved. However, all the comments have not addressed precisely. Therefore, it needs some more revision. Some required edited are listed.</b></p> <ol style="list-style-type: none"> <li>1- The title of paper should be edited. The title <b>is</b> "Filter design and applications in image improvement" which needs correction and edition to be meaningful.</li> <li>2- The word "denoisy" is vague. You need to change this word.</li> <li>3- In equation 8 needs correction because you used <math>y(x,y)</math> in the left hand of equation.</li> <li>4- At the last line of page 6, you use "fcvalue". This word need to be spited.</li> <li>5- It seems that you copied the Fig. 12 from another source. You need to cite the figure and also make it clear to be readable.</li> <li>6- As in the first feedback mentioned you need to improve the introduction using the suggested papers and some other papers. However, you didn't improve the introduction precisely. Check the first feedback comments and suggested references and enhance your introduction.</li> </ol>	<ol style="list-style-type: none"> <li>1- The title was corrected,</li> <li>2- The word denoisy was corrected,</li> <li>3- Eq. 8 was corrected,</li> <li>4- "fcvalue" was corrected,</li> <li>5- Fig. 12 is my design, to clear it I magnify it,</li> <li>6- The introduction was improved as the last comment.</li> </ol>
