

SDI Review Form 1.6

Journal Name:	Physical Science International Journal
Manuscript Number:	Ms_PSIJ_36043
Title of the Manuscript:	Numerical detailing of the mechanism responsible for artificial heating of the ionosphere by powerful high frequency radio waves
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. Please add the city and country of Polar Geophysical Institute (PGI). 2. In which software, you run the mathematical model of the F-region ionosphere. Please add the details if it is mathematical or MATLAB. 3. Add the details of the mathematical model as a supplementary file. 4. The image quality is very low, please improve it. 	<p>The city and country were added.</p> <p>The programming language was pointed out in the paper.</p> <p>The details of the mathematical model are added as a supplementary file.</p> <p>The figures were improved.</p>
Minor REVISION comments		
Optional/General comments
