

**SDI Review Form 1.6**

Journal Name:	<b><u>Physical Science International Journal</u></b>
Manuscript Number:	<b>Ms_PSIJ_31687</b>
Title of the Manuscript:	<b>Green's Function (GF) For the Two Dimensional (2D) Time Dependent Inhomogeneous Wave Equation.</b>
Type of the Article	<b>Original Research Article</b>

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

**SDI Review Form 1.6**

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	<p>The numerical results obtained by the equations (2.20), (2.39), (2.43),(2.47) and (2.51) in section 3 should be compared with other numerical results obtained by other methods.</p> <p>The sections 2.1, 2.2, 2.3 and 2.4 needs to revise as the details are not necessary..</p>	
<b><u>Minor</u></b> REVISION comments	<p>The sections 2.1, 2.2, 2.3 and 2.4 are required to write more simply. .</p>	
<b><u>Optional/General</u></b> comments	<p>This paper uses Green's function to analysis the waves phenomenon. This topic seems not interesting. The sections 2.1, 2.2, 2.3 and 2.4 seems not new and they are fundamental results.</p> <p>The sections 2.6, 2.7, 2.8 and 2.9 are good.</p>
